

President's Message

A fruitful and productive 2018 has advanced half way through. I wish all CAESOKians a happy and dynamic time ahead.

CAESOK as we all know has crossed the childhood and reaching the adulthood. With 300 odd members including postgraduate students our association is one of the strongest among the state speciality associations.

New postgraduate admissions are just over and it is the right time to have all new PGs enrolled into CAESOK as student members.

So, I would like to request the heads of department of Conservative Dentistry and Endodontics to make sure that it is accomplished.

The best outgoing students selected from all the colleges will be awarded by CAESOK. So all heads of departments, kindly make sure that the names and details of their PGs reach Dr K Radhakrishnan Nair (Past President and the Principal, Azeezia Dental College, Kollam).

As the President of CAESOK I had all the support, back up, and encouragement from all the members in the conduct of the conferences and other matters as well for which I am extremely thankful to each one of you. I hope you will extend the same ardency in the future also.

Our family-meet is fast approaching and I request one and all to register for it and make it a memorable one.

Jai CAESOK !!

K Ravi Varma MDS
President CAESOK

Retd. Deputy Director of Health Services, Thiruvananthapuram, Kerala, India
Former Professor and Head
Yenepoya Dental College, Derala Katte, Mangaluru, India
